Thriving Families

PROGRAM

Thrive = Prosper, Flourish

Thriving Families Program

Thrive = Prosper, Flourish

For 30 years, BHA has been helping families find a future with hope through stable housing, supportive services and loving relationships we have provided. As the needs in our community grow — more families to serve and more housing to maintain — we recognize the need for a strong sustainability plan to help take us through our next 30 years.

We are asking our supporters to join with us by making a three-year pledge to help our families continue to thrive by participating in the Thriving Families Program, you will make a difference now and for generations to come. We invite you to walk alongside the families at BHA as they flourish.

As part of our Thriving Families Program, you will change the lives of families in our community. Your support sends the message to families in our programs that you believe in them and their determination to thrive. We will keep you updated about these accomplishments through quarterly e-newsletters from our Executive Director and an invitation to attend small donor appreciation events.

Our Mission

Our mission is to help individuals and families, who are experiencing homelessness, achieve their God-given potential by providing a holistic program of stable housing, supportive services and loving relationships.
